Full Solution HUM LCD Modules

HDMI Interface, USB Touchscreen, Mountable

Hantronix is pleased to announce the addition of our premium full-solution line of LCD modules equipped with a standard HDMI interface, USB touchscreen, and mounting holes. Our HUM LCDs offer our customers a simple integration and resulting advantage in speed to market.

- *HDMI Interface: Drive your LCD in minutes using the standard HDMI port and power jack.*
- *USB Touchscreen: For customers requiring a touchscreen (HID), our USB capacitive touchscreen enables simple plug and play through the standard micro-USB port.*
- *Mountable: To support the mechanical design aspects of mounting the display, our LCDs include ready-to-use mounting holes.*

We are confident that our LCDs will be valuable in helping engineers expedite your product design efforts. Please reach out to us to try one out today!
